

Digital Aura

- REMOTE VIRTUAL SUPPORT

 digitalaura.co11@gmail.com

 <https://www.linkedin.com/in/digital-aura-2739b93bb/>

ABOUT ME

Detailed-oriented Remote Technical Assistant specializing in Manual Software Testing (QA) and Social Media Management. Dedicated to delivering high-quality digital support strictly through efficient, text-based communication channels.

WORK EXPERIENCE

DIGITAL PRESENCE MANAGEMENT

Freelance

- Managed content scheduling and digital presence development for emerging e-commerce brands like Gild-Glow and Modemart.
- Utilized Meta Planner tools to coordinate posts, plan target audience engagement, and design visual graphics using Canva.

WEB APPLICATION TESTING

- Hospital Appointment Scheduler Application: Tested client-side logic, doctor booking forms, and localStorage persistence to ensure seamless user workflows.
- Charity/NGO Donation Tracker System: Analyzed and validated relational database structures (SQL) and forms for functional bugs.

EDUCATION

**BS in Software Engineering
(In Progress)**
**University of Agriculture,
Faisalabad**
